

BARD

Application Webinar

Wednesday, July 7th, 2021
09:00 EDT; 16:00 Israel Time

[Click here to register](#)

Come hear about:

What are the BARD funding opportunities?

How to apply ?

The evaluation process and timeline

Academia-to-industry collaboration

How to find a research partner?

Call for proposals for the next round of funding in 2022

Submission deadline:
September 13, 2021

We fund research in all disciplines of agriculture.

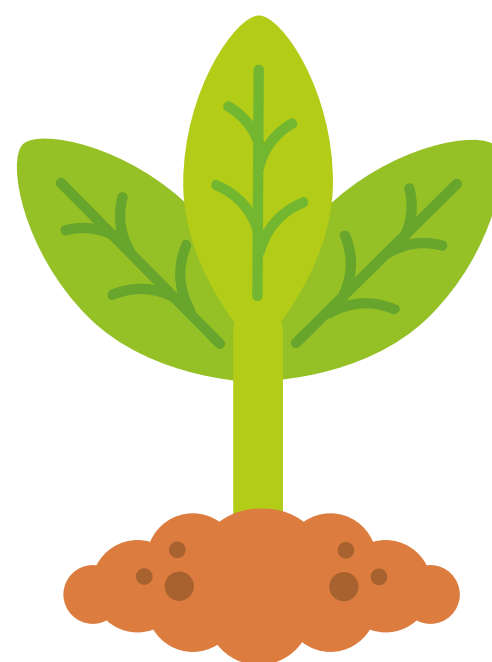

Our fellowship programs are open to postdocs, senior research scientists, and graduate students (submission deadline is mid-January 2022).

Join us to learn more about the benefits of joint U.S.-Israel Agricultural R&D, and how our programs work.

Follow us:

BARDebard-isus.com

BARD projects focus on increasing agricultural productivity, particularly in hot and arid climates, and emphasize plant and animal health, food quality and safety, and Ag-related environmental issues.

BARD
is a competitive funding program that supports collaborative agricultural research in areas of mutual interest to the U.S. and Israel. BARD, P.O. Box 15159 Rishon LeZion 7505101, Israel
