

BARD

CALL FOR PROPOSALS 2023

Research Grants

Funds projects conducted cooperatively by US and Israeli scientists. Covers all phases of agricultural R&D including strategic or applied research.

Maximum award: \$310,000 for a 3-year grant

Award duration: 3 years

Next submission date: September 14, 2022

[Guidelines](#)

Postdoctoral Fellowship

Funds postdoctoral fellowships for citizens from one country (U.S. or Israel) to perform agricultural research with established scientists in the other country.

Maximum award: \$55,000

Award duration: 1-2 years

Next submission date: January 17, 2023

Pioneer Funding Track

A new track to support projects that have the potential of creating significant impact on the agricultural community. The eligibility and instructions for proposal application and evaluation are identical to the research grant [Guidelines](#)

Maximum award: \$600,000 for a 3-year grant

The 2023 submission will fund proposals in the fields of crop production, crop health and aquaculture.

Senior Research Fellowship

The program promotes joint agricultural research between established scientists from the U.S. and their Israeli hosts.

Maximum award: \$3,000 per month plus a onetime allocation of \$2,000 for travel

Award duration: 2-12 months

Next submission date: January 17, 2023

Graduate Student Fellowship

The program enables Ph.D. students in one country (U.S. or Israel) to travel to the other country to acquire new skills and techniques in their field of study.

Maximum award: \$1,500 per month and \$2,000 to cover travel

Award duration: 2-6 months

Next submission date: January 17, 2023

B-Lever Academia-to-Industry

BARD supports academia to industry collaboration through partnership with the Israel Innovation Authority and the USDA National Institute of Food and Agriculture (NIFA).

Workshops

Funds workshops whose purpose is to identify research needs and to promote increased contact between scientists throughout the world in areas related to the binational and agricultural interests of the U.S. and Israel.

Maximum award: \$45,000

Next submission date: January 17, 2023

Food and Nutrition Program

The NIFA-BARD-IIA Food and Nutrition program supports U.S. and Israeli researchers working together with Israeli SME companies. It grants funding for joint research conducted by a consortium of Israeli and American academic scientists working with an Israeli SME company that aims to develop critical food and nutrition technologies.
