

BARD

CALL FOR PROPOSALS 2023-4

Research Grants

Funds projects conducted cooperatively by US and Israeli scientists. Covers all phases of agricultural R&D including strategic or applied research.

Maximum award: \$310,000 for a 3-year grant

Award duration: 3 years

Next submission date: September 13, 2023

[Guidelines](#)

Postdoctoral Fellowship

Funds postdoctoral fellowships for citizens from one country (U.S. or Israel) to perform agricultural research with established scientists in the other country.

Maximum award: \$55,000

Award duration: 1-2 years

Next submission date: January 15, 2024

[Guidelines](#)

Pioneer Funding Track

A new track to support projects that have the potential of creating significant impact on the agricultural community. The eligibility and instructions for proposal application and evaluation are identical to the research grant [Guidelines](#)

Maximum award: \$600,000 for a 3-year grant

The fields for the 2024 submission will be announced in June.

Senior Research Fellowship

The program promotes joint agricultural research between established scientists from the U.S. and their Israeli hosts.

Maximum award: \$3,000 per month plus a onetime allocation of \$2,000 for travel

Award duration: 2-12 months

Next submission date: January 15, 2024

[Guidelines](#)

Graduate Student Fellowship

The program enables Ph.D. students in one country (U.S. or Israel) to travel to the other country to acquire new skills and techniques in their field of study.

Maximum award: \$1,500 per month and \$2,000 to cover travel

Award duration: 2-6 months

Next submission date: January 15, 2024

[Guidelines](#)

Aquaculture and Desert Farming

Applicants can now submit a joint proposal where both the US and Israeli partners will receive funding from BARD. Applications will follow the standard BARD Application Guidelines.

Maximum award: Applicants can apply for pioneer (\$600,000) grants or standard grants (\$310,000).

Next submission date: September 13, 2023

BARD's concurrent funding policies will not apply to those who submit to the Aquaculture and Desert Farming call for proposals. Thus, investigators may submit a proposal to both programs, provided the research plan and objectives do not overlap.

Workshops

Funds workshops whose purpose is to identify research needs and to promote increased contact between scientists throughout the world in areas related to the binational and agricultural interests of the U.S. and Israel.

Maximum award: \$45,000

Next submission date: January 15, 2024

[Guidelines](#)

BARD is a competitive funding program that supports collaborative agricultural research in areas of mutual interest to the U.S. and Israel. BARD - P.O. Box 15159 Rishon LeZion 7505101, Israel
